SYSTEM MESSAGE/IMPORTANT!

The route ticket only entitles its owner to road use after the payment.

A **purchased and paid** route ticket guarantees road use authorisation only for the **planned route**, in **one direction** and for **one journey** only.

If the toll is paid with the help of an on-board unit, always check before the journey, whether the on-board unit works appropriately, and whether a sufficient amount is available on the balance for the journey.

In the autumn period **more intensive inspections can be expected** regarding road use authorisations, and unauthorised road use will be sanctioned with an administrative fine of HUF 80,000 - HUF 165,000, which can be imposed again after every 8 hours.

When indicating your country code, please make sure you select the country code that appears on your cargo vehicle's license plate.
